

# Letter of Recommendation 1

Drew Young | CAID: APP\_012 | Fall 2026

To the Undergraduate Admissions Committee:

I am pleased to recommend Drew Young for undergraduate study. I write as a school counselor at Madison High School. This letter offers a fictional classroom or advising perspective for a simulated application; its narrative observations are not verified records.

The supplied academic record lists an unweighted GPA of 3.97 and a weighted GPA of 4.4. Drew intends to explore Biomedical Engineering. In our simulated advising conversations, I have observed a willingness to consider feedback and explain a choice rather than simply ask whether an answer is correct.

The application lists these activities: Varsity soccer player, School art club member, Environmental club volunteer, Youth orchestra musician, Science club member, Community food bank volunteer, Library volunteer, Animal shelter volunteer. I do not infer additional participation when a field is missing. The reported awards are: MVP. These entries help describe the application, while my recommendation focuses on the habits of learning illustrated by the fictional examples in this letter.

I recommend Drew Young for thoughtful consideration. The admissions committee should review the complete packet and its own requirements before reaching a decision. I expect a college environment that invites questions and offers constructive feedback would support this student's continued development.

Sincerely, Finley Nguyen School counselor Madison High School
