

Letter of Recommendation 1

Emerson Nguyen | CAID: APP_017 | Fall 2026

To the Undergraduate Admissions Committee:

I am pleased to recommend Emerson Nguyen for undergraduate study. I write as a school counselor at Columbus High School. This letter offers a fictional classroom or advising perspective for a simulated application; its narrative observations are not verified records.

The supplied academic record lists an unweighted GPA of 3.92 and a weighted GPA of 4.7. Emerson intends to explore Environmental Science. In our simulated advising conversations, I have observed a willingness to consider feedback and explain a choice rather than simply ask whether an answer is correct.

The application lists these activities: Science club member, Drama club performer, Coding club member, Yearbook photographer, Chess club member. I do not infer additional participation when a field is missing. The reported awards are: School academic honor roll. These entries help describe the application, while my recommendation focuses on the habits of learning illustrated by the fictional examples in this letter.

I recommend Emerson Nguyen for thoughtful consideration. The admissions committee should review the complete packet and its own requirements before reaching a decision. I expect a college environment that invites questions and offers constructive feedback would support this student's continued development.

Sincerely, Taylor Wilson School counselor Columbus High School
