

Letter of Recommendation 1

Sage Stone | CAID: APP_016 | Fall 2026

To the Undergraduate Admissions Committee:

I am pleased to recommend Sage Stone for undergraduate study. I write as a school counselor at Denver High School. This letter offers a fictional classroom or advising perspective for a simulated application; its narrative observations are not verified records.

The supplied academic record lists an unweighted GPA of 3.92 and a weighted GPA of 4.53. Sage intends to explore Philosophy, Politics, and Law. In our simulated advising conversations, I have observed a willingness to consider feedback and explain a choice rather than simply ask whether an answer is correct.

The application lists these activities: Chess club member, Yearbook photographer. I do not infer additional participation when a field is missing. The reported awards are: Community service recognition, Regional science fair finalist. These entries help describe the application, while my recommendation focuses on the habits of learning illustrated by the fictional examples in this letter.

I recommend Sage Stone for thoughtful consideration. The admissions committee should review the complete packet and its own requirements before reaching a decision. I expect a college environment that invites questions and offers constructive feedback would support this student's continued development.

Sincerely, Jordan Davis School counselor Denver High School
